25X1A

SUBJECT: Compliance with CIA Regulation [redacted]

25X1A

1. The Office of Current Intelligence has advised that CIA Regulation [redacted] is not being satisfactorily administered. This regulation directs the Deputy Directors, Assistant Directors, and Administrative Office Chiefs to inform the Assistant Director for Current Intelligence immediately whenever any changes occur in the names, addresses or telephone numbers of "on call" personnel.

2. Failure to keep the Office of Current Intelligence properly posted on such changes introduces difficulties with respect to the Agency's Watch Officer System.

3. I would appreciate it very much if you would invite the attention of your personnel to the need for keeping the Office of Current Intelligence posted on these changes.
